

PRAYER MEETING DIRECTIVES

1: Pray for the Lord's direction according to His Word

2: The Prayer Canada **Prayer Manual** has been put together to fulfill '*the first of all*' of *1 Tim. 2:1-4*. "*Pray for those in authority*". There is space available on the provincial list to add the names of your own local authorities - mayor, alderman, school board, etc.

4: We normally pray for each mayor, alderman &/or cabinet minister by name and their position depending on amount of time available.

5: Local issues etc. should also be dealt with. However, your city mayor, aldermen and other civic authorities should be uppermost, then your provincial, then national authorities. Wherever possible include as many as possible because there is a relationship to all these governments.

6: If your meeting is held in the City Hall or Legislature facilities, remember you are on public property. Respect the privilege you have been given to meet there. Arrive and leave as quietly as possible. We find it is not appropriate to sing in such meetings, also you have only one hour so use the time given you to pray.
